Prev. DIP: Only Intent Prediction (*What* Maneuver)

Our DIP: Intent Prediction (*What* Maneuver) with Explanation (*Why*)

(*what*) Left Lane Change

Straight

Collision

(*Why*) Explanation: The scene occurs under a flyover in a busy urban setting. There are several surrounding vehicles, including cars, motorcycles, and a truck, which are driving or parked along the street. Additionally, the lane markings (though faint) and divider presence make a right turn unlikely in this specific setting.
